A Century United

Since 1925,

United Way of Lancaster County has been part of the fabric of our community. As a trusted resource connector, we mobilize the caring power of neighbors, businesses, and community partners to create moments that define generations.

Together, we leverage financial contributions and volunteer services to address critical needs in **education, economic mobility, and health.** Through programs like **PA 211 East, VITA,** the **Volunteer Center, Project Blueprint,** grant funding, and the **Food & Shelter Fund,** we work to close urgent gaps and create lasting change for Lancaster County.

Our Mission:

To advance the education, economic mobility, and health of our community by mobilizing resources, people, and organizations.

Our Vision:

An equitable Lancaster County where every individual has an opportunity to succeed, and the entire community thrives as a result.
